

At AHF Pharmacy, our clinically trained pharmacists partner with you to provide personalized and convenient one-stop services that enhance your quality of life. As a not-for-profit pharmacy, 96 cents of every dollar earned from your prescription goes back into providing HIV and AIDS services locally and around the world.

Thank you for choosing AHF Pharmacy for your health care needs. We care about your well-being and hope to take care of you for years to come.

AHF PHARMACY™

Fill to Fit **Your Life**

Putting people over profit, every time.

Thank you for making a difference.

AHF Pharmacy is a not-for-profit healthcare provider. That means 96 cents of every dollar of our earnings go back into providing services to our patients and the communities we serve. By doing business with us, you are directly helping test, treat, and care for people living with HIV locally and around the world.

AHF's mission is to provide medicine and advocacy regardless of ability to pay. Because of you, we were able to provide over 3.2 million free HIV tests and give out over 69 million free condoms in 2020 alone.

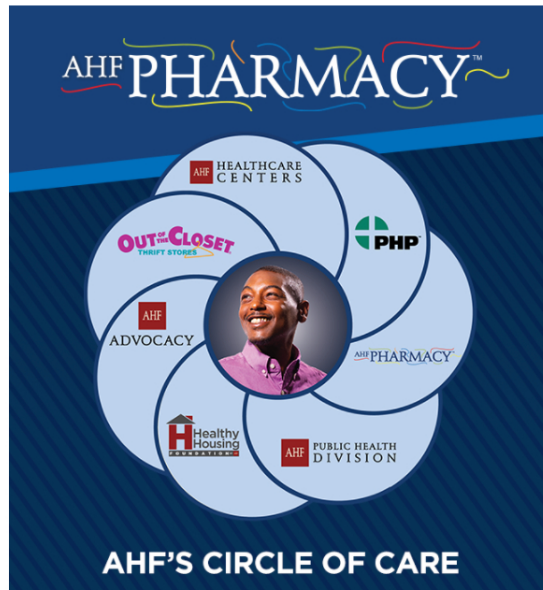

Through new and cutting-edge technology, AHF is advancing HIV/AIDS research, implementing new modes of rapid testing and linkage to care, and helping the global community end the epidemic once and for all. As an AHF client, you make all of this possible.
